6. Will not be responsible for damages incurred to Member's service lines, fixtures, personal property, water loss and interior and/or exterior components of any dwelling;

3. VOLUNTARY DISCONNECTION OF SERVICES. Member shall notify Supplier at least three (3) business days in advance of the day disconnection is desired. Member shall remain responsible for all service used until service is disconnected;
4. METER READING-BILLING-COLLECTING. Bills shall be sent out monthly, but the Supplier reserves the right to vary the dates or length of period covered, temporarily or permanently. Bills for the water will be figured in accordance with the Supplier's rate schedule. Bills are due when rendered and considered delinquent if not paid in full by the 17th of each month. If full payment is not made by the due date, the Supplier may or may not give a Member written notice specifying the delinquency. Failure of the Member to promptly pay such delinquent bill shall result in disconnection. Failure to receive bills or notice shall not prevent such bills from becoming delinquent nor relieve the Member from payment;
5. VIOLATIONS. Violation of any of these rules and regulation or Bylaws of the Supplier shall permit the Supplier to remove the meter and disconnect service. A re-installation charge of one hundred and twenty five dollars (\$125.00) shall be paid to resume service;

Supplier shall reconnect the service to the Member as soon as reasonably possible, but within the next business day after it is requested to do so; provided however, the Supplier shall not be required to reconnect the service until:
 - (a) conditions, circumstances, or practices which caused disconnection have been corrected;
 - (b) payment of all delinquent charges and fees, and reconnection fees are paid;
 - (c) and a responsible person is present at the Premises at time of reconnection to insure that all water outlets are closed to prevent damage from escaping water;
8. CONTINUED NON-PAYMENT. The non-payment of a net bill for thirty (30) days after the original due date will allow the Supplier to terminate this Agreement and, in such event, the Member shall not be entitled to receive, nor the Supplier obligated to supply, any water under this Agreement. Supplier may remove the water service completely. If the Member thereafter pays all water charges in arrears, all penalties charged against the Member, and the current reconnection fee, the Member shall then be entitled to a resumption of water services subject to all rules and regulations of the Supplier.

GENERAL AGREEMENTS:

1. Duly authorized agents of the Supplier shall have access, at any time to the Premises of the Member for the purpose of installing or removing Supplier property, making necessary repairs, inspecting piping, reading or testing meters, or for any other purpose in connection with the Supplier's services and facilities;

5. If a Member believes the Member's bill is in error, the Member shall present the Member's claim in person or in writing to Supplier before the bill becomes delinquent. Such claim, if made after the bill has become delinquent, shall not be effective in preventing the discontinuance of service, as heretofore provided. The Member may pay the bill under protest and said payment shall not prejudice the claim;
6. No promise, agreement or representation of any employee of the Supplier shall be binding upon the Supplier except as it shall have been agreed upon in writing, signed and accepted by the Supplier's Board of Directors.
